

DRIFTWOOD

HOME COLLECTION BY *Panama Jack*

DETAILS

Finish Detail

The Driftwood finish is exactly what the name refers to: The Indonesian Oak (Mindy) is wire brushed for texture and covered in a multi step hand applied grey tone. The veneer has a range of colors in the grey/ brown tone that correlates with most all house holds color tones.

Bark Mirror Detail

There are unique pieces in the bedroom like the slat bed which gets it looks from timbers in a contemporary flair. There is a bark mirror for an even more rustic accent piece that fits over either the dresser or Media Chest.

Hardware Detail

The hardware has a hand patina bronze color in a clean line with industrial overtones (see in the faux screws that appear to attach the hardware). In fact the hardware is bolted to the draw front for sturdiness.

124-160 Media Chest
45W x 19D x 45.625H in.

DRIFTWOOD

Driftwood by Panama Jack is a fresh interpretation of relaxed furniture in wire brushed multi-layered grey tones. The cases have clean lines and simple shapes for a timeless appeal. The hardware is an industrial inspired design (with simulated screw heads) in a rustic bronze color. The combination of these design features allows you to create a comfortable haven wherever you call home.

Panama Jack® WOVEN HEADBOARDS

The natural woven headboards make a great complement to the Driftwood case pieces. They also work great by themselves or with your existing storage cases. All three weaves are unique and hand woven by artisans in Indonesia.

Each style is available as King, Queen/Full and Twin and all attach to generic metal bed frames.
